

6182 Torque multiplier, MATADOR 6182

6182 Torque multiplier, MATADOR 6182

Beschreibung:

Maximum force duplication.

Precise, gentle, strong. Just a real MATADOR.

Mechanical torque multiplier. Ideal in confined spaces or for mobile use. Maximum power duplication without electric or pneumatic aids. With 3-stage precision planetary gearbox. Transmission ratio 1:5. Deviation accuracy according to DIN ISO 6789 / ASME B107.14M-1994 better than $\pm 5\%$. With permanent fat filling. Including 2 support devices for a wide range of applications (reaction rod and reaction angle support). In a sturdy hard case.

Technische Daten

Manufacturer-Number: 61820010M

6182 Torque multiplier, MATADOR 6182

EAN: 4040674180222
